

# tge total golf exposure

Our basic package is as follows...

- About Golf Simulator (**Dimensions: 22 feet deep x 15 feet wide x 10 feet tall**)
- World Tours Course Library and Driving Range Module
- One Online Contest of your choice
- Computer and touch screen monitor
- 2200 lumen SXGA projector
- Hitting and putting surface
- Two full time staffers for scheduled hours of event

Additional add-ons to the basic package...

- **Rendering of Hole for use in the Simulator**  
This service requires 3 to 4 weeks lead-time. Client must also supply CAD Drawings, GPS, Topography maps and any additional photos software engineers may need to replicate the hole. (Example: For the Bay Hill Invitational we rendered the 17<sup>th</sup> Hole. Guests of Mastercard could see the Pros play it and then play it themselves).
- **Additional Contests**  
Long Drive, Chipping, Putting, Par 3 challenge etc...
- **Digital Video / Swing Analysis**  
V1 Digital Video Software that allows for the participant's swing to be analyzed using slow motion, comparison, and drawings. Set up includes laptop and camera. Onsite analysis would also require a PGA Professional.
- **TGE supplied PGA Professional**  
Price depends on rate instructor charges.
- **Internet Lessons**  
Client can add content (voice and drawings) to participant's swing and send it via the Internet to the participant. Price depends on transaction amount.
- **Custom Online Golf Academy - Hosts Online lessons, drills, contest leader board**  
Custom Online Golf Academy complete with client's branding. Price depends on length of time Online Golf Academy is enabled.
- **Golf Strength and Conditioning**  
FDS and True Fitness supplied physical therapist can work with golf strength and conditioning. Program includes drills and exercises to improve flexibility.
